This is a graded **Mini-Project (10 points)**. The Problem Statement, Objective, Background, Dataset, and Steps for implementation are provided within the Mini Project Notebook (Colab).

Reference links are provided within the mini-project notebook to serve as helpful references. Module 7 - Assignment 5 should be referred to, for Pyspark text analytics concepts and coding.

During the Mini-Project session, the mentor can be approached for guidance when there is difficulty in implementing specific steps. The mentor will record the attendance of each team member and assign points to the team based on the final notebook. Each team
